**DOGMA® Smart**. Highest quality at an affordable price. This series will appeal to customers who are used to planning their budget but don't look for compromises between price and quality. All products in this series are manufactured at the same factories as Dogma's premium products. Raw materials, cutting-edge technologies and design, quality control at every stage of production – everything just like the premium series. Compact size and a democratic price are the only differences of the **Dogma Smart series**.
